HCS at ITU Telecom World 2003 Geneva

HCS, the only Turkish manufacturer of state-of-the-art LAN Cabling Systems, will be attending the ITU TELECOM WORLD 2003 in Geneva, Switzerland.

ITU TELECOM WORLD 2003 will be held from October 12th to 18th at the Geneva Palexpo, CH-1218, Grand-Saconnex Geneva, Switzerland.

ITU TELECOM WORLD is renowned worldwide as the one telecommunications show not to be missed. A truly global gathering where opportunities abound and where deals are done.

ITU TELECOM WORLD's ability to bring together the top decision-makers from government and industry around the world has earned it a reputation as the meeting place for doing business.

As the UN-specialized agency for telecommunications, the International Telecommunication Union (ITU) is the only industry body able to guarantee such broad-based participation by exhibitors, forum speakers and visitors from every corner of the globe.

A world-class showcase for the very latest technological trends as well as a stimulating forum for influential speakers from every market segment and every global region, ITU TELECOM WORLD is the only completely impartial, attendee-focused event, where major public-private sector partnerships are regularly forged, the only event that brings together top-level participants from both the developed and the developing worlds.

**HCS can be found at the Turkish Pavilion
Hall 7 - Stand number 7199.002**

HCS will present state-of-the-art Category 6 cabling systems, including the only presently available ETL Verified Category 6 shielded components, aimed to support the future 10 Gigabit Ethernet protocol on copper.

Detailed information on the ITU Telecom World 2003 can be found at
